KF6012
Web Application Integration

DR JOHN ROOKSBY

DR KAY ROGAGE

2020 / 2021

# What did students build last year?
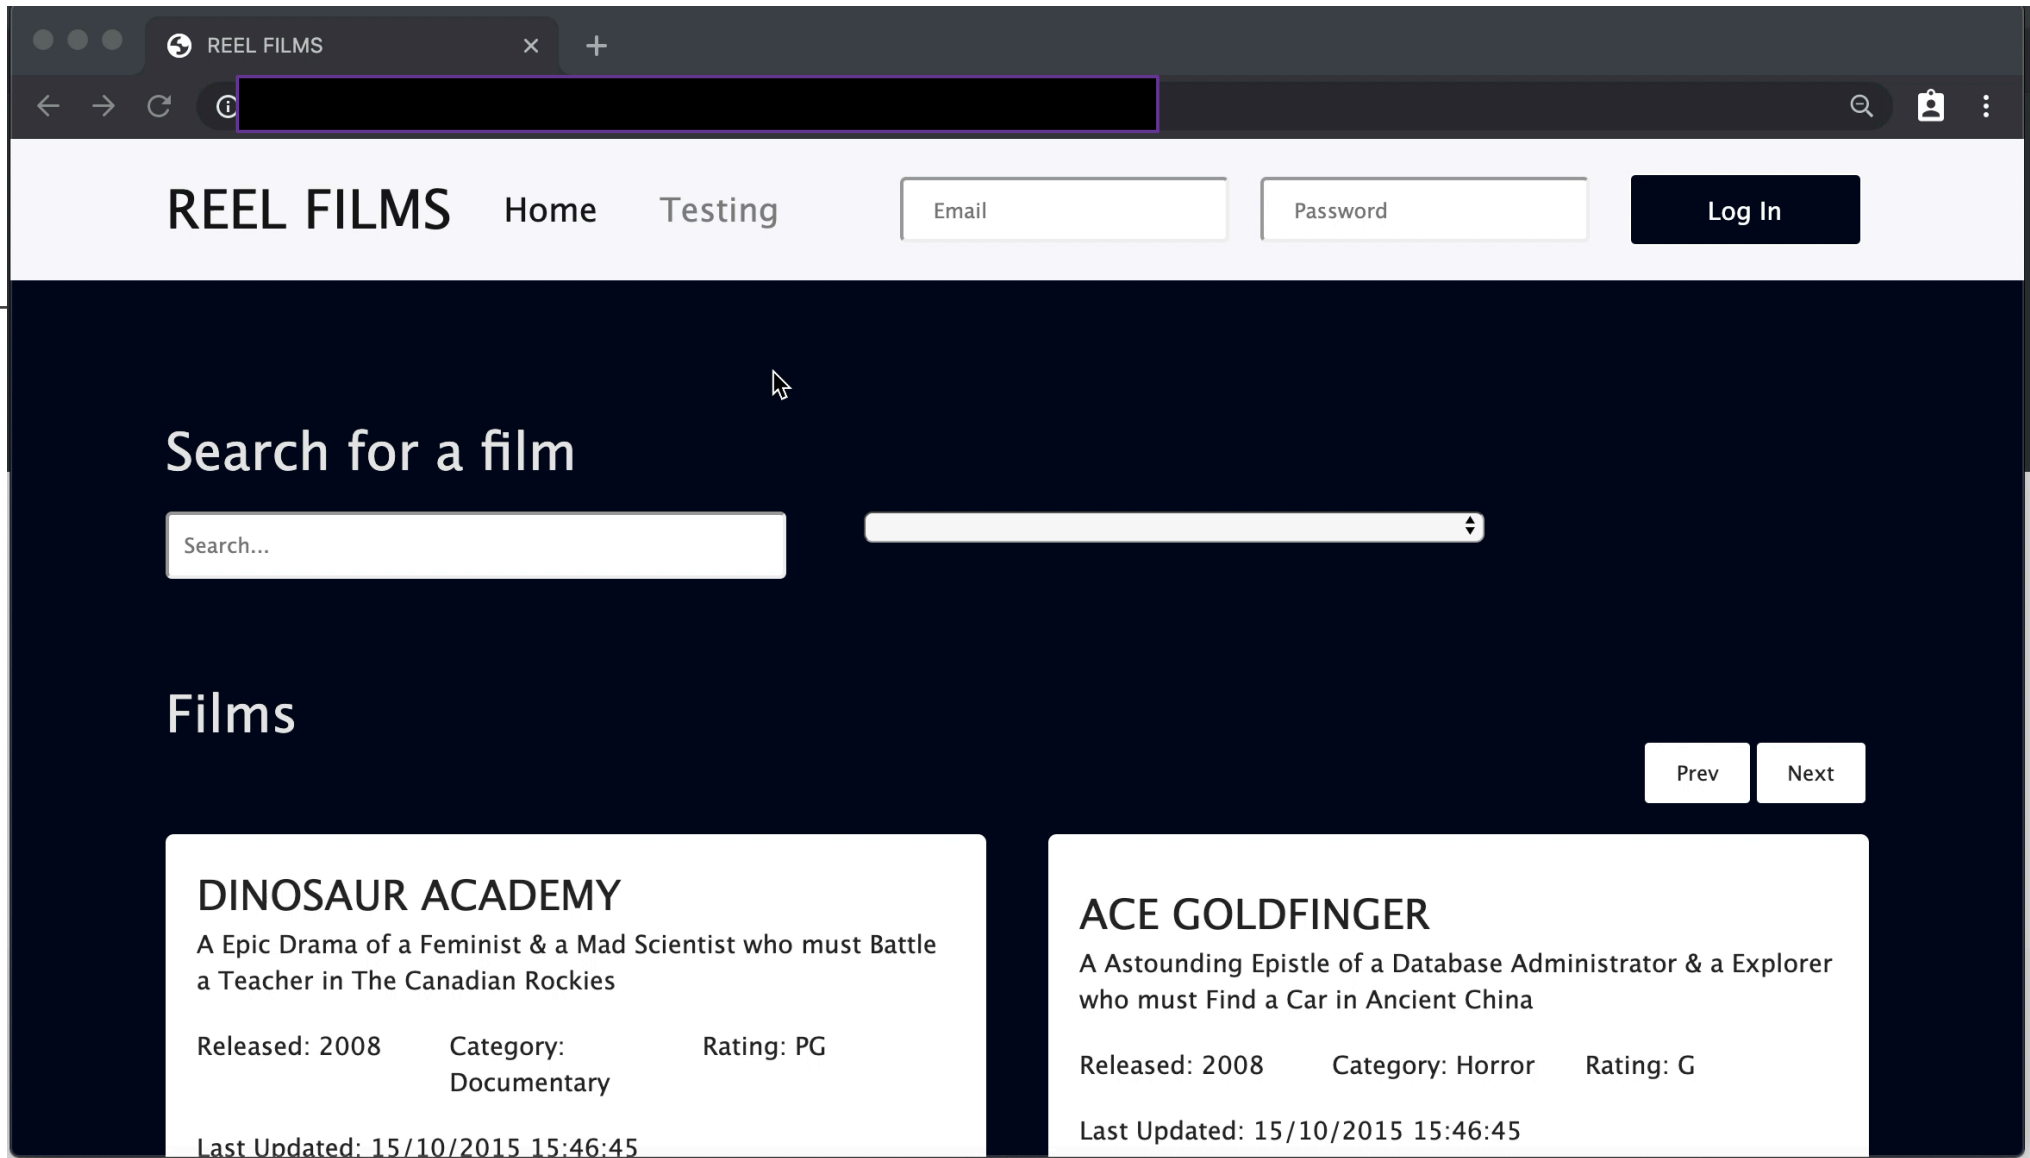

For the coursework in 2018/19 --

Students built a "Movies" web application
- That displayed movie information
- That could be searched and browsed
- That enabled logged in users to save notes

Students implemented this with
- Server side code written in OO PHP
- An SQLite database
- Client side code written in AngularJS
- Client communication with server via an API
